FOREIGN EXCHANGE WAS VERY STRONG

(By Associated Press.)
NEW YORK, May 6—Foreign exchange was very strong to-day, demand sterling selling as 'high qi \$4.88.10, the highest igure in 'mariy months. Later in the day to was offered at \$4.88.25. The primary eason for the strength of the market was be belief that the new South African belief that the new South African would be opened for subscription in loan would be opened for subscription in London to-morrow. As many American banking houses are likely to participate in this loan there was steady buying of exchange for cable remittance. It is thought that the loan will be largely over-subscribed and as a result American financial interests have doubtless asked for allotments considerably larger than they are likely to receive,

BARRICADES WERE BROKEN BY TROOPS

(By Associated Press.)

PARIS, May 6.—A dispatch from Briela,
Corsica, says that the Capaucians, who
had been barricaded in their monastery
there for many days, were expelled today by the police, a detachment of infantry and a number of gendarmes. The
friars, who had been without food for
two days owing to the state of siege, refused the final demand of the authorities
to take down their barricades, and the
doors were broken in with axes and the
friars were arrested. About 2,000 persons made a demonstration against the
authorities, but they were dispersed.

The Democrats will have a majority on joint ballot, and thus will be able to elect the city register, who is virtually the municipal treasurer.
